

SMR Jodo Stage with Patrik Orth Sensei

Two months ago, on June 10-11, 2023, in Uzhhorod, Ukraine, we had a great opportunity to meet and practice with our teacher Patrik Orth Sensei. This event was attended by about 20 people from different parts of Ukraine: Uzhhorod, Rivne, Kyiv, Kramatorsk, Zaporizhzhia. Unfortunately, the current tragic situation in our country does not allow us to train as usual, to travel abroad for training and development of Ukrainian Jodo, but despite everything, we are trying to move forward and do our best. And that is why visit of our teacher Patrik Orth to Uzhhorod is very valuable to us.

Classes with Patrik are like a breath of fresh air that motivates us to move forward no matter what.

During the seminar, a great attention was paid to work on kihon, basic principles, correct work with sword. Also we worked on omote and chudan levels.

Despite the danger, Sensei Patrik continues to come to Ukraine and we always, during all times of war feel his full support.

A great gratitude to Patrik Orth Sensei for his big heart and kindness, everything he did and keep doing for us.

Also a big thanks to all participants of the seminar. See you next time!

Sincerely yours,
