

# Gasshuku in Fribourg (CH), 29th of May 2021

After a forced break of several months in organizing and participating in the courses, we FINALLY found our way.

Spurred on by Céline (thank you for the organization and the venue), a group of 10 jodokas from different dojos (Basel, Montreux, Zürich and Fribourg) met on Saturday morning at 9:00 am. The dresscode was not the most homogeneous.

The goal of the day was to practice together again. It is therefore with great pleasure that we were able to practice most of the Shinto Muso ryu Jo course for the more advanced.

We were even able to practice a bit of Kusarigama jutsu with René and Michel. Problems about precision were obvious, but the pleasure was there.

Everyone was thrilled with the opportunity to participate in an internship and I look forward to everyone else to come.

Yves
